

Board of Directors Application for Nomination

SEFA Board service is a voluntary, non-compensated position. The minimum term is two (2) years, however no Board Member shall serve more than four (4) consecutive two (2) year terms in office.

The Board of Directors meets physically at the Annual Meeting and typically convenes every other month via web conference. Web Meetings usually don't last more than one (1) hour. An active, engaged Board of Directors is vital if SEFA is to continue to expand its reach and influence through-out the world. SEFA's By-Laws provide that a failure to attend two out of four of the most recent Board Meetings may constitute due cause for removal from the Board.

Board Members/Directors receive and respond to email communications on subjects of import to the Association, such as membership applications, and SEFA programs.

SEFA's Strategic Goals Committee, will be consulting with the Immediate Past Chair and any members expressing an interest in Board service at the end of July. If you would like to be considered for nomination to SEFA's Board of Directors, please complete the form below and email it to **David@sefalabs.com** no later than July 30, 2020. This will insure ample time for the Committee to consult with all interested candidates prior to making its report to the Board.

Name of Candidate _____
