Join us in welcoming back Brant Kelly!

Suring, WI—Sheldon Labs and Diversified Casework are pleased to announce the return of **Brant Kelly**, who will lead our casework sales team as Vice President of Sales, Casework. He is a welcome addition to our team with over 14 years of experience at Diversified Casework, along with a wealth of industry knowledge. He is currently Co-Chairman of the SEFA Wood Casework Committee; and recently held a position with Trespa International, where he was a Region Manager, North America. Before that he managed a national account at Kewaunee Scientific.

Looking ahead.

Brant is excited to be back at Diversified Casework and Sheldon Labs—and will work directly with the Regional Sales Manager team to support the national network of casework dealers. In this ever-changing market, Brant's key insight will be invaluable as we move forward in 2021.
